

Strategies Cheat Sheet

• 1) Advocate for self and external awareness of unpaid caregivers.

- # of opportunities for improving environment/policy/systems take on by group
- % of opportunities that are within target geography or serve target population
- # of environment/policy/systems changes implemented by group
- Dollar amount of new funding/resources dedicated to implemented environment/policy/system changes
- # of individuals in target geography/population who are potentially impacted by environment/policy/system changes

• 2) Establish Caregivers Advisory Council to guide workgroup plans, and ensure that the voice of the caregiver is always at the table.

- # of (new) residents/ organizations active in workgroup
- # of months with an engagement opportunity for stakeholders
- % of months with an engagement opportunity for stakeholders
- % of participants that are stakeholders from target group(s)
- % of stakeholders satisfied with process (includes newly invited stakeholders and workgroup members)
- # of new strategies developed by workgroup as a result of stakeholder engagement (will have own performance metrics, once identified)

• Look at current system of caregiver support and identify gaps in order to create action.

- # resources/services reviewed or contacted
- #of workgroup hours spent assessing current systems (if applicable)
- # of new leverage points (gaps) identified to improve access/capacity/systems (previously unknown to workgroup)
- #/% of identified leverage points (gaps) acted upon (may even generate new strategies)
