

## Strategies Cheat Sheet

### 1) Engage underserved populations to understand their unique challenges to accessing healthcare.

- # of stakeholders engaged
- # opportunities for stakeholder engagement
- % of ideas that provide new information (previously unknown to workgroup)
- #/% ideas that generate new strategies OR # of new strategies developed

### 2) Identify and establish collaborative relationships with existing healthcare resources in the local community.

- # resources/services reviewed or contacted
- # of workgroup hours spent assessing current systems (if applicable)
- # of new leverage points identified to improve access/capacity/systems (previously unknown to workgroup)
- # of number of new resources identified and newly added (resource guide strategies only)
- #/% of identified leverage points acted upon (may even generate new strategies)
- #/% number of resources maintained in database (resource guide strategies only)

### 3) Connect existing screening programs to free clinics in underserved communities to establish a continuum of care.

- # individuals referred/exposed to resources
- # of resources/agencies connected in referral pathway
- % who use resource/service (random sample if needed)
- % of resources/agencies actively making referrals through new pathways (random sample if needed)
- #/% reporting service/resource met their need (random sample if needed)

### 4) Increase the capacity of existing free healthcare providers to reach more people in the communities they serve.

- # resources/services reviewed or contacted
- # of workgroup hours spent assessing current systems (if applicable)
- # of new leverage points identified to improve access/capacity/systems (previously unknown to workgroup)
- # of number of new resources identified and newly added (resource guide strategies only)
- #/% of identified leverage points acted upon (may even generate new strategies)
- #/% number of resources maintained in database (resource guide strategies only)

### 5) Work with existing health resource databases to offer information in languages other than English and Spanish.

- # individuals reached/touched
- % participant satisfaction
- % in target geographies/populations
- #/% of individuals reporting improvements in health status/literacy/behaviors
- %/# of individuals reporting relevant knowledge gain\*

\*measured by pre/post-test on content area, if one is available

## General Meeting Notes:

What is new since last meeting? Organize in a way that works for you. Write or type below:
