Strategies Cheat Sheet

1) Increase awareness of non-professional, peer-driven mental health support resources.

- # resources/services reviewed or contacted
- # of workgroup hours spent assessing current systems (if applicable)
- # of new leverage points identified to improve access/capacity/systems (previously unknown to workgroup)
- # of number of new resources identified and newly added (resource guide strategies only)
- #/% of identified leverage points acted upon (may even generate new strategies)
- #/% number of resources maintained in database (resource guide strategies only)

2) Normalize the existence of mental health issues with community members in order to facilitate access to (and referral to) mental health services before a condition becomes acute.

- # of opportunities for improving environment/policy/systems take on by group
- % of opportunities that are within target geography or serve target population
- # of environment/policy/systems changes implemented
- Dollar amount of new funding/resources dedicated to implemented environment/policy/system changes
- # of individuals in target geography/population who are potentially impacted by environment/policy/system changes

3) Train first responders (e.g. EMS, Police, etc.) in mental health awareness and surrounding resources.

- # of individuals educated
 - % satisfied with process
 - %/# of professionals who gained knowledge from training*
 - %/# self-reported behavior change
- *measured by pre/post-test on content area, if one is available

4) Explore and monitor the upcoming State fee-for-service changes with mental health and psychiatric services in Sussex County to better understand the challenges in accessing mental health care.

- # of stakeholders engaged
- # of opportunities for stakeholder engagement
- % of ideas that provide new information (previously unknown to workgroup)
- #/% ideas that generate new strategies OR # of new strategies developed
